Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the ACCESS Humboldt Expansion to Serve More People with More Services in fiscal year 2027. The entity to receive funding for this project is the Access Community Health Network , located at 600 W. Fulton Street Suite 300, Chicago IL 60661.

The funding would be used to renovate and expand an existing health center to provide nearly 18,000 patients access to primary care and behavioral health services, bring additional specialty services to the community, and strengthen access to affordable, high-quality care.

This project is a valuable use of taxpayer funds because it supports capital renovation to expand access to essential primary and behavioral health care in underserved communities while leveraging additional public and private investment. By nearly doubling capacity and increasing access to preventative care, it will improve health outcomes and reduce long-term healthcare costs for low-income residents.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Delia C. Ramirez
Member of Congress
